
EAGLE software package

2.8 FOR EAGLE 2 and 3.7 FOR EAGLE3

Thank you for downloading the EAGLE software package for EAGLE2 and EAGLE3. In this package you find 2 folders, one for the EAGLE2 and one for the EAGLE3. Do not use the files in the EAGLE2 folder for the EAGLE3 and viceversa. In every folder you find:

- 1) latest update of the EAGLE Manager with the update instructions
- 2) user manual in PDF format
